SEASIDE VISITOR GUIDE

*From the desk of
Jon Rahl*

With the holidays fast approaching, so too is the unveiling of the 2012 Official Seaside Visitor Guide. Many changes are being made to this year's guide, including the addition of a bigger map to the center section of the guide. This change will empower our Visitor Information staff to make it even easier for visitors to leave our center with a guide in hand – continuing to make it one of the most effective means of reaching not only in-town visitors, but also those planning from afar.

The cover is also being overhauled to reflect the numerous activities and memories available to visitors on a year-round basis (Look for a sneak preview soon). There are still a few spots remaining to reach these travelers, so please consider becoming a part of the 125,000 copies that will soon be printed. We expect the new guides to be available the first week of January. For more advertising information, please contact Kari at 503-717-1122.
